

# Mandolin Summer Sun

Jamie Lynn Spears

Oh I hear that river  
It knows me all too well  
It's begging for a party  
And I ain't going by myself

Awww, don't just sit there  
Say yes and make it fast  
Don't tell me you don't wanna  
Make some footprints in the grass

Pick it up, pick it up  
Dance around 'til the sun goes down  
Find somebody and fall in love  
Close your eyes and spin around  
Sing it out, shout it out  
Tell the moon that you ain't done with that  
Freer than you've ever been  
Mandolin summer sun

It sounds like innocence  
It sounds like letting go  
Sounds like you've got it made  
And not afraid to let it show

Get out your wild and reckless  
Get out your two left feet  
A little side of crazy  
Yeah, yeah that's all you need

Pick it up, pick it up  
Dance around 'til the sun goes down  
Find somebody and fall in love  
Close your eyes and spin around  
Sing it out, shout it out  
Tell the moon that you ain't done with that  
Freer than you've ever been  
Mandolin summer sun

Pick it up, pick it up  
Dance around 'til the sun goes down  
Find somebody and fall in love  
Close your eyes and spin around

Pick it up, pick it up  
Dance around 'til the sun goes down  
Find somebody and fall in love  
Close your eyes and spin around  
Sing it out, shout it out  
Tell the moon that you ain't done with that  
Freer than you've ever been  
Throwin' caution to the wind  
Prayin' that it never ends  
Mandolin summer sun

Come on now, come on now,  
Get out your two left feet

Come on now, come on now,  
Yeah, yeah that's all you need

Pick it up, pick it up  
Dance around 'til the sun goes down

Pick it up, pick it up  
Close your eyes and spin around
