It was one of those days when she couldn't find a single ray of sunshine

There wasn't even a cloud up in the sky

After thirteen years at the factory they sorry mam but we're do wnsizin

She looked me in the eye and said this ain't the first time I'v e taken the fall,

but let me tell you girl what's gotten me through is keepin fai th through it all

Cause there'll be

at the wrong time

Dead ends and road blocks, Tough times and hard knocks Seems like you're always wonderin why you're at the right place

Wheels movin but you feel stuck, like your life's spinnin in a

When you're out there runnin around on a wild goose chase, There's a reason to keep believin,

God don't make mistakes

Everybody said you gotta give it up

You can't keep that child, It's just too tough at seventeen, Yo u're just a baby

Well she cried and she prayed, made up her mind
