

# You Rescued Me

Jamie O'Neal

I was a travler travellin' alone  
Crossin' that desert they call the unknown  
Lost in a valley of shadows and sinking sand  
Hopeless was circling over my head  
Patiently waiting for my last step  
I was a desperate womman in no man's land  
Like an angel of mercy, emotional savior

You rescued me in the nick of time  
I was right on the edge of goin' out of my mind  
I was runnin' on empty down to a crawl  
Facing a future with no one at all  
And just before I found out  
How life without love could be  
You rescued me

The mind can play tricks when you're wanderin' out there  
Making up visions out of thin air  
That's why I thought I was dreamin' when you appeared  
But your touch had feeling, your kisses were real  
Your voice echoed like a song on a hill  
Somehow you knew what my heart needed to hear  
Like an angel of mercy, emotional savior  
You took me in your arms and out of danger

You rescued me in the nick of time  
I was right on the edge of goin' out of my mind  
I was runnin' on empty down to a crawl  
Facing a future with no one at all  
And just before I found out  
How life without love could be  
You rescued me

You rescued me in the nick of time  
I was right on the edge of goin' out of my mind  
I was runnin' on empty down to a crawl  
Facing a future with no one at all  
And just before I found out  
How life without love could be  
You rescued me

You rescued me in the nick of time  
I was right on the edge of goin' out of my mind  
I was runnin' on empty down to a crawl  
Facing a future with no one at all  
And just before I found out  
How life without love could be  
You rescued me
