

# Rabbit Hole

Jamie T

Sold to a bid then hit by a buyer  
Lift the lid on a kids took the piss then retire  
Paris said she get underhand  
She always let you down when she knows that she can  
Like a SA80, my baby save me  
Even played me and jammed in a sand  
Like a essay, she tried to correct me  
She meant to protect me but only betrayed me now

You're too proud to call  
Guess I never knew you at all  
You stoop low  
I got high  
Tonight

Lally la  
She trips and stumbles  
Go see Alice in the palace to crumble  
Lally la  
She trips to tumble  
Go and roll down a rabbit hole (2x)

Still know you can call me whenever  
I'm always round town  
Man I'll be around forever  
I'll take the blame, I'll take the weather  
I'll travel overseas, sell the snow back to the favelas  
I'm magnanimous  
Life's gesture  
Only for the sake of posterity  
It's unanimous  
I'll arrest her  
Four days in the cells of the Bailey now

You're too proud to call  
Guess I never knew you at all  
You stoop low  
I got high  
Tonight

Lally la  
She trips and stumbles  
Go see Alice in the palace to crumble  
Lally la  
She trips to tumble  
Go and roll down a rabbit hole (2x)

I said who noticed the problems  
In Jennifer Bennett's head?  
I swear, she's not the same person that I grew up with  
She's not the same person I met (3x)

Lally la  
She trips and stumbles  
Go see Alice in the palace to crumble  
Lally la  
She trips to tumble

Go and roll down a rabbit hole (4x)
