

## Journey to Arnhemland

Jamiroquai

Personally I like a lot this song.  
They get to fusion the didgeridoo vibes with the song very smoothly,  
So this is a cool tune where you don't feel the didgeridoo  
Like an uncomfortable sound here  
Here, and when you listen to it you can imagine yourself traveling,  
Traveling in a journey to Arnhemland.  
Two thumbs up.
