## Where Do We Go From Here?

## Jamiroquai

That's the way love goes Will it change you inside out And then it flows To the places unfamiliar yeah Let me tell, I'm not for you You're so hot for me So get on girl Come on (4x)I'm hot for you So get on I want to get it on with you I'm sending I hope you got the sense to read between the lines You know that in the book it says that For me you never seem to find the time Come on I've waited for your phonecalls But you must be uptown having fun When you do that thing you do I get so exited too But you never think to ask me if I want to Come with you So honey where do we go from here You know baby I've been trying to find out but I'm still Some way from knowing Come on, you know I am It's not exactly clear, no no The love you should be giving me Is the love you're rarely showing That's the way love goes That's the way That's the way it goes for me and you Come on let me tell you now I feel you're pushing me out Soon I'm gonna lose my patience girl Can't understand what you're about Cause there's no communication You say you love to love me, love to love me But you always keep your distance So honey strike me off your list If your love comes with a twist Cause I want the part that lingered on my lips when we first kissed Say do you love me If you do tell me something And make it true Do you love me I need to know Baby can't you tell me where we're gonna go Where do we go from here I've been trying to find out but I'm still some way from knowing It's not exactly clear no no The love you should be giving me Is the love you're rarely showing

That's the, That's the way love goes And where it's taking us well we don't know So lets move straight on ahead And tow in the line between us girl

I think I'd sooner make this love dead Than waste all my time on you, yeah I'm wasting all my time I'm gonna learn learn learn That's the way love goes That's the way It's gonna hurt me so bad But I won't let it show I get the feeling that it's gonna Tear out my mind till I can no longer breath

I know I'm gonna learn learn learn That's the way love goes

Where do we go from here? I've been trying to find out but I'm still some way from knowing It's not exactly clear The love you should be giving me Is the love you're rarely showing Hey but that's the way love goes now You know that's the way love goes

I'm so hot for you (3x)
