

Here's Everything I've Always Meant To Say

JamisonParker

Just be in love and I'll kiss you like you've always wanted
Just close your eyes, I'll still live as if I'm dying

If I don't make your heart skip a beat then hate me
If I don't make you feel anything than it's me

I just want you to feel beautiful
For once in your life
I just want you to feel beautiful
For once in your life

Just close your eyes and I'll kiss you like there's no tomorrow

If I don't make your heart skip a beat then hate me
If I don't make you feel anything then it's me

I just want you to feel beautiful
For once in your life
I just want you to feel beautiful
For once in your life

So sleep now, so deep in static
Drifting in the shadows
Hold me close to the glow of headlights
And TV screens

I just want you to feel beautiful
For once in your life
