

I Wish I Could Fall In Love Again

Jan Howard

I wish I could fall in love again
And feel the way I always used to do
I wish I could fall in love again
Then maybe I'd fall out of love with you

I know it's all over between us
And you're happy with someone new
And I wish I could fall in love again
Then maybe I'd fall out of love with you

Oh, I know it's all over between us
And you're happy with someone new
And I wish I could fall in love again
Then maybe I'd fall out of love with you
