On a cold and lonely morning Rain clouds over my head Gloomy memories in mind No way seems to lead out Then suddenly a shine came through Rainbow high in the sky There he was dressed in blue I never had a doubt When I looked into angel's eyes My heart started burning When I looked into angel's eyes My mind got yearning When I looked into angel's eyes My heart started burning When I looked into angel's eyes The world began turning His black hair blowing in the wind Oh what a sunny smile He took me by the hand and he said Come with me to the stars
