

# Groovin'

Jan Wayne

It was a sunny day  
and i still do my way  
i'm gonna take a ride  
right through the pretty night  
when all my friends are close  
and when the party goes  
my mind is floating free  
babe that is harmony  
grooving grooving  
moving moving  
living the day  
i go my way  
don't wanna stop to roll  
the dj's got control  
the party is the key  
that makes myself feel free  
when all my friends are close  
and when the party goes  
my mind is floating free  
babe that is harmony  
grooving grooving  
moving moving  
this is the night  
i'm gonna feel alright  
i'm dancing' all night long  
listening' this party song  
come take me by the hand  
i'll make you understand  
when all my friends are close  
an when the party goes  
my mind is floating free  
babe that is harmony
