

# Love Is a Soldier

Jan Wayne

I never thought that love could be so cruel  
I never thought that it could be such a fool  
We had it all and than you walked away  
And now I'm holding on for yesterday

Running around searching love in every night  
I'm walking through the old cold city-light  
That's everything that's let for me to do  
I guess I never can't stop loving you

Show me now what you feel for me  
Deep inside you can't set me free  
Take me out of this misery

Come back and stay  
Come back and stay

[Chorus: x2]  
Love is a soldier  
Love is a soldier  
Breaking your heart  
Breaking your heart

Love is a soldier  
Love is a soldier  
It's taring apart  
It's taring apart

Love will tare us apart
