

Bride Song

Jana Kirschner

Summer is passing you by
If you wanna take my cherry pie
I'll be waiting for you
I'll be waiting for you
All alone
Before the fall
Like a bride
Before the fall

Leaves are falling all around your door
And you're afraid of being alone
I never said you have to be all mine
But when you miss someone

I'll be waiting for you
I'll be waiting for you
I'll be waiting for you
All alone

Winter falls upon you hair
You got to thinking that it's not fair
Other lovers keep each other warm
And you feel the cold

I'll be waiting for you
I'll be waiting for you
I'll be waiting for you
All alone
Before the fall
Before the Fall
Like a bride

I'll be all yours....
