

Losing You

Jana Kirschner

1. You talk to me so sweet,
and choose the words you need,
now I'm losing you.
You look into my eyes,
and I realize, that I'm losing you.

CH: You're understanding only what you want,
we're not so strong to carry on.
But everything this time, take some time.
When I look into your eyes

R: Look into your eyes
look into your eyes
look into your eyes
look into

2. You turn your head away,
and don't know what to say,
now I'm losing you.
And you keep it all inside,
the feelings that you hide,
now I'm losing you.

CH: You're understanding...

....When I look into your eyes!
