

Right here

Jana Kirschner

1. I don't want to be your everything.
I don't want to be just a thing.
So hurry Up my darling I am getting cold.
I don't want to be here any more.
2. You don't notice I'm not in your bed.
Sometimes I think that everything was said.
So hurry Up my darling I am getting cold.
And I think I gotta get up and go.

R: La la lala lala lala lálala
La la lala lala lala la
La la lala lala lala lálala
La la lala lala lala la

R: So I'm right here on your mind.
You don't know you save this round
Right here on your mind.
Right here on your mind.
You don't know you save this round
Right here on your mind.
Yes .. I am right here.

3. Everything has to be your way.
Reading your dawn paper every day.
So should I be your mother or your lover?
I'd have to look for another.

R: Right here on your mind.
You don't know you save this round
Right here on your mind.
Right here .. Right here ..
Right here on your mind.
Right here on your mind.

Right here ..
Right here ..
Yes .. I am right here.
