

You're My Man

Jana Kirschner

You Are my man
I am your woman.
things we ever had
They're just between us...

You Are my man
I am your woman.
Love has disapeeared but
I am still behind you...

R: I shut down your dream
or please try to give me
You .. so far away...
But I am still waiting...

You Are my man
and I am your woman.
Love has disapeeared but
I am still behind you...

R:
.. still waiting...

R: I shut down your dream
or please try to give me
You .. so far away...
But I ..

.. Keep the evil from our door...

R:
.. but I'm still waiting
