

Ace Of Diamonds

Jandek

Well, king of diamonds
Queen of spades
You played your cards
Your hand's been laid
Well ace of diamonds
King of spades
The prize is mine
You better pay money
You better pay time
You can give it all away
You'll have your last dime
You think you're free
I went on a spree
Well, ace of diamonds
King of spades
You're going down, way down
And that ain't all
'Cause don't forget
The next time you call
Maybe be your last bet
'Cause ace of diamonds
King of spades
Your life is near
Watch out fate
You're getting old
You're losing time
And I don't mind taking
Your every last dime
