

## Fishing Blues

Jandek

Sometimes I wonder if I've even got a song  
But you can always sing the fishing blues  
And all that time there ain't no news  
Just see how long that you can't wait  
When you don't have no living bait  
You're washed ashore the sun is hot  
Row back again to another spot  
Throw your dead bait again  
Ain't caught no fish since don't know when  
Oh my God I got those fishing blues  
Oh this ain't no pleasure cruise  
Row back again to sit and wait  
And on the hook is my death bait
