

## Love, Love

Jandek

Love love is the only way  
Love love is the only way  
The only way  
Love everybody, love yourself  
Make yourself the best person you can  
To give to everybody some way or another  
Love love is the only way  
Love love is the only way  
Make the most of your talents  
Don't bury them in the ground  
Decide for yourself just what is God  
And love love is the only way  
Love love is the only way
