

Remind You

Jandek

I got fifteen jokers hot as lead
I got a Kodak camera in my head
I been on the Bowery
Been on Beacon Hill
I ain't got no money
Oh Jesus, I never will
I got the right of way down a one way street
I click a finger to the beat
You got all money
Why you want me too
From before and what's more
I ain't got no money
What you want me to do
I got you
Where you put your laundry
I ain't never been
All I got's my shoes
They took me where I been
You're the dream I been dreamin'
And are you serious when you say my name
Saw you something
I know I ain't playin'
So I'll say goodbye
Hope you knew I came
You're the cast of my eye
Yes, you're the catch of the season
