

## Sense Of Reason

Jandek

Did you ever think about me?  
Did you ever say my name?  
Did you ever want to be me?  
Aw, did you ever, did you ever  
Oh, baby, now that I'm without you  
I can't help but think about you  
You took away my sense of motion  
You took away my sense of time  
I lost my very reason
