

## Star Up In The Sky

Jandek

I love the rhythm  
You'll find him there  
Just a

Last night I saw the evening star

Oh good, I'm glad to hear it  
You just made my day

I know I'm not diversified  
Because I saw it in the sky

A very good place to see it, in the sky

Way up in the sky  
Last night it was in the sky  
Oh my, up in the sky  
I saw a star up in the sky  
I saw the star up in the sky
