

# They Don't Matter At All

Jandek

I still don't know exactly what it was you thought  
I don't know exactly where it was you thought  
That's a good place to be for me  
Where you are, you're gonna' have to tell me more about it  
You're gonna' have to tell me more about it  
You will have to tell me more about it (2x)  
More about it, more about it, about it, it  
I expect that you will  
We'll just have to see, won't we  
Of course I've spoken for the both of us  
I know you see things a different way than I do  
There are a lot of levels  
But I'm trying to get to the real core of things  
See if that soul you got wants to be with mine  
Then all the other differences don't matter at all  
They just don't matter at all  
They don't, they don't, they don't matter at all
