

Wrap It Up

Jandek

Wrap it up in ragweed
Take it to the doctor
Great man above the clouds
Wrap it up in ragweed
Oh no, she's come again
Take me to another friend
Make this the end of it
I just wanna die
Oh, I'm living again
Isn't this the very end
But I'm living again
Yes it's the very end
It comes every century
Wrap it up in ragweed
