

## Wrap It Up

Jandek

Wrap it up in ragweed  
Take it to the doctor  
Great man above the clouds  
Wrap it up in ragweed  
Oh no, she's come again  
Take me to another friend  
Make this the end of it  
I just wanna die  
Oh, I'm living again  
Isn't this the very end  
But I'm living again  
Yes it's the very end  
It comes every century  
Wrap it up in ragweed
