

You Sing A Song

Jandek

I paint a picture, you got a gallery
I got time, you got a motion
I look at the wall, you say a prayer
I look for a number, you got them all hidden
I got the door, you got the mirror
I sing a song, you got the mouth
I got a mirror, I got a gallery
I got a motion, I got a mouth
I keep them all hidden, I say a prayer
You look at the wall, you paint a picture
You messin' with time, you look for a number
You got a door, you sing a song
