

## You Sing A Song

Jandek

I paint a picture, you got a gallery  
I got time, you got a motion  
I look at the wall, you say a prayer  
I look for a number, you got them all hidden  
I got the door, you got the mirror  
I sing a song, you got the mouth  
I got a mirror, I got a gallery  
I got a motion, I got a mouth  
I keep them all hidden, I say a prayer  
You look at the wall, you paint a picture  
You messin' with time, you look for a number  
You got a door, you sing a song
