

# You Took Me For A Ride

Jandek

You were fast  
To latch  
Onto me  
You made it known  
Definitely  
All you did was ask me,  
Was it okay  
And you took me for a ride  
And I have not returned to anyplace  
I can put my feet on the ground and say  
I'm here  
Because I'm not here  
I'm there  
Where you are  
Where else would I rather be  
There is nowhere else I'd rather be  
I'm gettin' back there as soon as I can  
Oh... oh, honey  
Oh... ungh... oh  
I know you're...  
Want to see me too  
I detected that when I talked to you today  
And, yeah, I'm gonna be there  
And guess what, I got all you want  
Matter of fact, I got more, and  
That's why you like me  
I got so many things  
They just don't have an end  
They keep going  
Forever and ever, and  
I appreciate you got a mind  
That understands  
It keeps going in a spiral, and  
You wanna be on that path, and  
I got the directions on how to get there  
We will go  
Just stay with me, because  
It's not just that place we're going  
It's that I really like you too  
Honey-child  
I like you too  
I really do like you  
I just really like you  
I... oh... oh...  
I really like you  
When I tell you  
I hope you shake inside  
That's a good sign, honey-darlin'  
Because if you got the same thing from me  
I got for you, then  
Whoa  
We gone a long way together, and  
It ain't got an end  
I'm looking for something that doesn't end  
I think you are too  
Be careful  
I may bring you there, and

There's no escape, but  
Who wants to escape  
Not me
