

## Had a Dad

Jane's Addiction

Had a dad  
Big and strong  
Turned around  
Found my daddy gone  
He was the one  
Made me what I am today  
It's up to me now  
My daddy has gone away...

Well I spoke to the mountain  
I listened to the sea  
Both told me that the fountain  
Was the best that you could be  
My daddy's hand it grewed  
Show to the lickin  
Sonny boy  
Grow to whip him!

If you see my dad  
Tell him my brothers  
All gone mad  
They're beating on each other  
I walked around  
Even tried to call  
Got that funny feeling

He's not there  
At all...
