

Slow Divers

Jane's Addiction

She said, "do you think you could?"
And i said, "yeah, in a second..."

I'm sitting by a waterfall
And when people jump in
They hold their nose
And kiss these walls
Granite walls,
Water-polished walls

Just don't ever want to move from this spot
You can sit here for so long!
There's a slide, suislide,
You can live or die
Going down, going down, go down!

Boy came to the slide
I said, "you want to go down that slide?"
He said, "no man,"
"hey you got a joint to sell me?"
We just smoked one,
We got a roach we said...
"i'll smoke the roach!"
But first go down that slide man
Go on down, go on down, go on down!

I'm sitting by a waterfall...
Could bear to watch the people
Slip and fall
You know the plants on the rocks are crazy
Thinking that they could start a life
On the spiral walls of a waterfall!

Slow divers?
Their view is spectacular!
