

## Ted, Just Admit It...

### Jane's Addiction

Camera got them images  
Camera got them all  
Nothing's shocking...  
Showed me everybody  
Naked and disfigured  
Nothing's shocking...  
And then he came  
Now sister's  
Not a virgin anymore  
Her sex is violent...

The T.V.'s got them images  
T.V.'s got them all  
It's not shocking!  
Every half an hour  
Someone's captured and  
The cop moves them along...  
It's just like the show before  
The news is  
Just another show  
With sex and violence...

Sex is violent...  
Sex is violent...  
Sex is violent...  
Sex is violent...  
Sex is violent...  
Sex is violent...  
Sex is violent!

I am the killer of people  
You look like a meatball  
I'll throw away your toothpick  
And ask for your giveness

Because of this thing!  
Because of this thing!  
Because of this thing!

That's in me  
Is it not in you?  
Is it not your problem?  
A baby to a mother...

You talk too much  
To your scapegoat  
That's what I say  
He tells you everyone is stupid  
That's what he thinks!

Snapshots  
Make a girl look cheap  
Like a tongue extended  
A baby's to a mother

Sex is violent!  
Sex is violent!

Sex is violent!  
Sex is violent!
