

Who Do You Love

Jane

Oh joy
Wont you draw me near
Oh peace
Wont you show yourself here
Oh love
Wont you show me what you're made of
Cos I've waited for faith hope and charity
To tell me

Who do you love
When loves' away
Who do you call
So tell me
Who do you love when love's
Not here at all?

Oh conscience
Tell me where are the weak
Oh freedom
Why wont you speak
I've heard enough I've heard it all
Now it's my turn to say
That I'm biding my time
Till I find my way

Tell me who do you love
Who do you call etc (ad lib)
