

# Sir Greendown

Janelle Monáe

Sir Greendown  
Come wake me in the night  
The dragon wants a bite  
Of our love

The flower and the golden hand  
Wooden wings and clouds of sand

Sir Greendown  
Let's leave in an hour  
Meet me at the tower  
Ride your horse

Here the dolphins walk like men  
Here the cyborgs have a plan  
Sir Greendown  
I need your shining light

Let's leave in an hour  
Meet me at the tower  
I'm in love.
