

# Pick Me Up

Janet Devlin

Behind the curtains  
I hide from the eyes of the world  
And I know for the certain  
That this storm is lurking around  
And as much as I try to  
I never can fight it away  
Its taking me down, down, down  
Again

I wanna see the fights and fall  
I wanna catch a glimmer of hope

I want you to keep my call  
I want you to give me more than your soul

Pick me up  
Will you?  
Pick me up  
From the floor tonight

I'll stand up  
If you  
Pick me up  
Pick me up tonight

Make me smile  
Again

Falling in deeper  
Than I've ever dreamed of before  
Now its so much more than  
Just keeping the wolf from the door  
Forever thinking and constantly sinking below  
Don't wanna go down, down, down  
No

I wanna see the fights and fall  
I wanna catch a glimmer of life

I want you to keep my call  
I want you to give me more than your time

Pick me up  
Will you?  
Pick me up  
From the floor tonight

I'll stand up  
If you  
Pick me up  
Pick me up tonight

Make me smile  
Again

Need you to fight and fall  
Need you to face my all

Need you to give me nothing but light

I want you to keep my call  
Come and brave this storm  
Want you to give me more than your life

Pick me up  
Will you?  
Pick me up  
From the floor tonight

I'll stand up  
If you  
Pick me up  
Pick me up tonight

Pick me up  
Will you?  
Pick me up  
From the floor tonight

I'll stand up  
If you  
Pick me up  
Pick me up tonight

Make me smile  
Again
