

# Curtains

Janet Jackson

You seen my show  
You followed my tour  
I heard you scream  
With eighty thousand more  
But tonight  
I close up my door  
In your room  
Know I pull em  
Out of the crowd  
And guess who

The band is in place  
The cameras are set  
Make sure we tape it  
So you don't forget

I'ma take the road  
Take it slow so don't move  
It's bout to come down  
So just wait for my cue

House lights go low  
Spotlight up more  
It's time so just sit back  
And enjoy the show

Time to close the curtains  
Come up on the stage and sing
