

# Someday Is Tonight

Janet Jackson

Here we are just you and me  
Got something for you baby  
Wait and see  
No need to worry, come follow me  
I don't want you to think about anything else  
Tonight  
We've been together for quite sometime  
Now I know that your love is mine  
No more fantasizing of how it would be  
Cause tonight all your dreams come true

Ready to give all my love  
Won't hold back  
Someday is tonight  
Let me make your dreams come true  
Don't hold back  
Someday is tonight

You know I promised  
I'd be worth the wait  
Now the wait is over baby  
Please don't hesitate  
Boy you make me tremble  
With your warm caress  
I never knew I could feel this way  
No more fantasizing  
You'll ever have to do  
Cause tonight baby  
All your dreams come true  
I want you so bad I can taste it  
I'm yours if you want me

Ready to give all my love  
Won't hold back  
Someday is tonight  
Let me make your dreams come true  
Don't hold back  
Someday is tonight
