

The Great Forever

Janet Jackson

Not too pleased with what you're diggin'
I'm just busy livin' my life
Sources say but where ya gettin' it
Don't create the truth you like

It might sound strange to you
But what you think it don't mean nothing at all
Doesn't change who I am
Doesn't change who I love

Living my life
The way that I hope
Is leading to me
The great forever
Forever I will choose
Watch what I'm doin'
Watch where I'm goin'
Tryin' to get to
The great forever
Forever is the truth

If you wrong would you admit it
And take the heat up under the lights
Use your expert criticism
Then maybe you could get a life
Don't like seeing people happy
Is it jealousy or personal
Cause I don't see why loving someone
Or what I do seem so radical to you

Still it might sound strange to you
But what you think it don't mean nothing at all
Doesn't change who I am
Doesn't change who I love

Living my life
The way that I hope
Is leading to me
The great forever
Forever I will choose
Watch what I'm doin' (believe)
Watch where I'm doin'
Tryin' to get to
The great forever (The great forever is true)
Forever is the truth
(Don't be mind closeded yeah)

Once you know why you're here
It becomes crystal clear
To love someone is divine
That empty hole in your heart
It will tear you apart
Because hate will only divide
(Bless you)

Hey, hey, hey, hey
Nah, nah, nah, nah, nah, nah

Hey
Nah, nah
It's sad when you take such a beautiful thing
Blow it up and call it the news
It's not ok still i hope that one day
You'll find the great forever too
(L. U. T. F. A.)

Living my life
The way that I hope
Is leading to me
The great forever
Forever I will choose
Watch what I'm doin'
Watch where I'm goin'
Tryin' to get to
The great forever
Forever is the truth
