

Unbreakable

Janet Jackson

I lived through my mistakes
It's just a part of growing
And never for a single moment
Did I ever go without your love
You made me feel wanted
I wanna tell you how important
You are to me... Love

Truth is, truth is that I wouldn't be here
Without the love I stand on
Anytime I get lost in the world
You'll always be there
To care and share
In the joy and the pain
Our love won't change

What I share with you
Ever sacred everlasting
The greatest love for me
I love you
And it's pure
And it will endure
The world can't break down
The connection
Cause our love is devine
And it's unbreakable

Faithful love that I will always keep first
My heart will never be hurt
Family that walks through fire for me
So I don't get burnt
Fans and friends chime in
To a love that's true blue
I dedicate myself to you

What I share with you
Ever sacred everlasting
The greatest love for me
I love you
And it's pure
And it will endure
The world can't break down
The connection
Cause our love is devine
And it's unbreakable

What I share with you
Ever sacred everlasting
The greatest love for me
I love you
And it's pure
And it will endure
The world can't break down
The connection
Cause our love is devine
And it's unbreakable

Cause our love is devine
And it's unbreakable

Cause our love is devine
And it's unbreakable

Love
