

# Unbreakable

Janet Jackson

I lived through my mistakes  
It's just a part of growing  
And never for a single moment  
Did I ever go without your love  
You made me feel wanted  
I wanna tell you how important  
You are to me... Love

Truth is, truth is that I wouldn't be here  
Without the love I stand on  
Anytime I get lost in the world  
You'll always be there  
To care and share  
In the joy and the pain  
Our love won't change

What I share with you  
Ever sacred everlasting  
The greatest love for me  
I love you  
And it's pure  
And it will endure  
The world can't break down  
The connection  
Cause our love is devine  
And it's unbreakable

Faithful love that I will always keep first  
My heart will never be hurt  
Family that walks through fire for me  
So I don't get burnt  
Fans and friends chime in  
To a love that's true blue  
I dedicate myself to you

What I share with you  
Ever sacred everlasting  
The greatest love for me  
I love you  
And it's pure  
And it will endure  
The world can't break down  
The connection  
Cause our love is devine  
And it's unbreakable

What I share with you  
Ever sacred everlasting  
The greatest love for me  
I love you  
And it's pure  
And it will endure  
The world can't break down  
The connection  
Cause our love is devine  
And it's unbreakable

Cause our love is devine  
And it's unbreakable

Cause our love is devine  
And it's unbreakable

Love
