

# Down To My Last Broken Heart

Janie Fricke

Well I've been down to my last dime  
Down to my last dance  
Down to the last time  
Down to my last chance

Well I've been down to nothing, left at all a time or two  
This time I think I'm down to something, I can't afford to lose

Chorus:

I think I'm down to my last broken heart  
I think I'm falling in love with you  
I'm just afraid to start  
But untill I know for sure our love won't fall apart  
Cause I think I'm down to my last broken heart

Well I can feel the spark of love and it's a sweet dream  
But will there be enough to keep on burning  
Well I've felt the flame of love before  
And I watched it burning out  
This time I wanna know for sure, without a doubt

Repeat chorus:
