

Easy To Please

Janie Fricke

I can sleep with the window open
I can sleep with the window closed
I could buy me a Sunday dress
But it's alright if I don't

We could go to the movies tonight
Or we could stay at home

Well, I'm easy to please
Pleasing you pleases me
I don't need the moon or stars
Just you, the way you are

Well, I'm easy to please
Lovin' you is all I need
And love is everything
You are to me

I can sleep with the covers off
I can sleep with the covers on
You could play cards with the boys on Fridays
As long as you come home

We could have the neighbors over
Or we could be alone

Well, I'm easy to please
Pleasing you pleases me
I don't need the moon or stars
Just you, the way you are

Well, I'm easy to please
Lovin' you is all I need
And love is everything
You are to me

Well, I'm easy to please
Pleasing you pleases me
I don't need the moon or stars
Just you, the way you are

Well, I'm easy to please
Lovin' you is all I need
And love is everything
You are to me
