

## Easy To Please

Janie Fricke

I can sleep with the window open  
I can sleep with the window closed  
I could buy me a Sunday dress  
But it's alright if I don't

We could go to the movies tonight  
Or we could stay at home

Well, I'm easy to please  
Pleasing you pleases me  
I don't need the moon or stars  
Just you, the way you are

Well, I'm easy to please  
Lovin' you is all I need  
And love is everything  
You are to me

I can sleep with the covers off  
I can sleep with the covers on  
You could play cards with the boys on Fridays  
As long as you come home

We could have the neighbors over  
Or we could be alone

Well, I'm easy to please  
Pleasing you pleases me  
I don't need the moon or stars  
Just you, the way you are

Well, I'm easy to please  
Lovin' you is all I need  
And love is everything  
You are to me

Well, I'm easy to please  
Pleasing you pleases me  
I don't need the moon or stars  
Just you, the way you are

Well, I'm easy to please  
Lovin' you is all I need  
And love is everything  
You are to me
