Easy To Please

Janie Fricke

I can sleep with the window open I can sleep with the window closed I could buy me a Sunday dress But it's alright if I don't

We could go to the movies tonight Or we could stay at home

Well, I'm easy to please Pleasing you pleases me I don't need the moon or stars Just you, the way you are

Well, I'm easy to please Lovin' you is all I need And love is everything You are to me

I can sleep with the covers off I can sleep with the covers on You could play cards with the boys on Fridays As long as you come home

We could have the neighbors over Or we could be alone

Well, I'm easy to please Pleasing you pleases me I don't need the moon or stars Just you, the way you are

Well, I'm easy to please Lovin' you is all I need And love is everything You are to me

Well, I'm easy to please Pleasing you pleases me I don't need the moon or stars Just you, the way you are

Well, I'm easy to please Lovin' you is all I need And love is everything You are to me
