

# I'll Need Someone To Hold Me

Janie Fricke

Your bags are packed and waiting  
By the door  
If you really want to go  
Well, it's alright

Don't worry 'bout me darling  
Cause I'll get by  
But I'll need someone to hold me when I cry

I'll need someone to tell me  
That I'll get over you  
And I'll need a friend to lean on  
When I'm felling blue

So sit down here beside me  
After you say good-bye  
Cause I'll need someone to hold me when I cry

The taxi cab is waiting  
For you to go  
But darling, tell him that you've  
Changed your mind

And stay until tomorrow  
Cause I know tonight  
That I'll need someone to hold me when I cry

I'll need someone to tell me  
That I'll get over you  
And I'll need a friend to lean on  
When I'm felling blue

So sit down here beside me  
After you say good-bye  
Cause I'll need someone to hold me when I cry

And I'll need someone to hold me when I cry
