

Pride

Janie Fricke

Well, you know that you're doing
Lots of things that aren't right
You're out with a different party
Almost every night
And you're making me look like a crazy fool
So why do I have these doubts about leaving you

Because my heart tell me stay and
But my pride tells me go
But how can I leave you
When I love you so

Which way shall I turn
Well, I'd sure like to know
My heart tells me stay
But my pride tells me go

Well, I'd be so much better off
To drive you from my mind
And make you a memory
That I'd like to leave behind

But I know that these heartaches
Are what you will put me through
So why do I have these doubts about leaving you

Because my heart tell me stay and
But my pride tells me go
But how can I leave you
When I love you so

Which way shall I turn
Well, I'd sure like to know
My heart tells me stay
But my pride tells me go

My heart tells me stay
But my pride tells me go
