

# The First Word In Memory Is Me

Janie Fricke

I can see you don't know  
What a memory can do  
You're getting ready to go  
Like good-bye's up to you

I can tell by the way  
You're not falling apart  
You're listening to somebody new  
Not your heart

And when she's laying beside you  
Like I used to do  
Her lips will be mine, dear  
When she's kissing you

You'll be looking at her  
But it's my face you'll see  
The first word in memory is me

She'll never touch you, darling  
The way that I do  
It won't be her fault  
That's just how it is

When she's loving you  
The way I loved you first  
Baby, remember and know how it hurts  
That's when you're gonna find out  
What a memory can do  
And that's when you're gonna wish  
She was me loving you

But I'm here to tell you  
You'll never be free  
The first word in memory is me  
The first word in memory is me
