

Do You Wanna Dance?

Janis Ian

Do you wanna dance?
Do you just want to know me?
Do you want to feel me
In your arms tonight

Do you want to hold me?
'Cause I want to
Wing across the dance hall floor
What more can you show me?
Do you wanna dance?
Do you just want to throw me?

Do you want to listen to the music?
Play all night long
Do you want to lead me?
Do you wanna
Sing every word to the song?

Do you really need me?
'Cause I want to feel that
Heartbeat horn blowing
Cool and breezy
Don't make me wait too long
I just get greedy

Dance with me now 'til dawn
You won't be lonely
I've got a fever on
But we'll take it slowly
I want to dance along the night
Until it's gone

I want you only
So do you want to dance?
Do you just want to throw me?
Do you want to dance the night away?
Do you want to know me?
