

Galveston,  
I'm so afraid to die  
when the people all around me  
can't remember where they found me  
and I'm telling you  
I know it's a lie  
All of the people smile at me  
All of the people  
Sing you a song  
guaranteed to bring tears to your eyes  
Never been one for hanging around  
with the same old crowd  
I'll sing you my songs  
Kid, they're all I can do  
They're all that's allowed  
Galveston,  
I'm so ashamed to die  
when the people who surround me  
keep on thinking that they've found me  
and I'm telling you  
I think I know why  
All of the people cheer for me  
All of the people  
Ring in the New Year  
Ring out the old year misery  
Never been one for hanging around  
with the same old crowd  
I'll sing you my songs  
Kid, they're all I can do  
They're all that's allowed
