

Love You More Than Yesterday

Janis Ian

Love you more than yesterday
So much less than tomorrow
Love you more in every way
No time for pain or sorrow
Dee dee dee dee dee dee dee dee
La dee da dee da da dee da dee d dee i
La dee da deeeee...
Got your letter yesterday in a place not far from home
Guess you know I mean what I say when I say - don't leave me al
one
Well, I cheated and I lied
Broke the promises made to you
In the best of faith
You don't know how I cried
I've been such a foolish child
Didn't know I could feel this way
but baby, I haven't changed, 'cause I
Love you more than yesterday
So much less than tomorrow
Love you more in every way
No time for pain or sorrow
Di di da di da di di
La di da di di da di da di di
La di da deeeee...
Used to be I'd give my word to anything that breathed
Now I know what it is to be hurt. It's an emotional strip tease
I guess I should have tried
but opportunity passed my way
and I grabbed for whatever she gave
You know I'm nothing more
than the cheapest kind of whore
I gave it for free today
so take me back again, 'cause I
Love you more than yesterday
So much less than tomorrow
Love you more in every way
No time for pain or sorrow
Di di da di da di di
La di da di di da di da di di
La di da deeeee...
Papa, please come home
Don't leave me alone, I need you so
Papa, please come home
Don't leave me alone, I need you so
