

## Since You've Been Gone

Jank 1000

sitting waiting but nothing's happening  
i'm bored i'm hating this town  
can anyone hear me  
i'm scared and alone without

waiting for you with nothing left to do  
i once was happy but now i'm lonely without you  
i'm scared and alone without you..you

since you've been gone  
i think everything sucks all the time  
the shoes on my feet  
and the girls that i meet  
and i just want you  
why don't you just come home and be with me

calling writing but not exciting  
when all i'm doing is calling writing to no one  
i'm scared and alone without

trying to make the best of everything  
i'm sick of waiting for you to call me  
i miss you  
i'm scared and alone without you...you

since you've been gone  
i think everything sucks all the time  
the shoes on my feet  
and the girls that i meet  
and i just want you  
why don't you just come home and be with me

why don't you just come home
