

# Never Give Up on Me

Jann Arden

I've made more mistakes then I can count upon my finger tips  
I have been ashamed and I have felt as guilty as all sin  
Counting every tear that drops will not account for any loss  
I'll let the past remain behind me now

Fill it up with goodness  
I'll drink it down with love  
Never give up on me  
I will never give up on you  
You're everything I need  
Oh just look at what we've been through  
So far so good

I have wished on every star that shot across my broken heart  
I am still amazed that you came true  
I have kissed a hundred lips but none of them compare to this  
I have found myself inside of you

You forgive my sad regrets  
And I forgive myself  
Never give up on me  
I will never give up on you  
You're everything I need  
Oh just look at what we've been through

Never give up on me  
I will never give up on you  
You're everything I need  
Oh just look at what we've been through  
I love you
